- Grease Monkey Gearhead rub-ons--Bo-Bunny (6055706)
- Small Tangerine alphabet rub-ons--Doodlebug Design (6051082)
- 3/8" black grosgrain ribbon--May Arts (6007250)
- Adhesive foam
- Dry adhesive, such as a tape runner

Suggested Tools

- Paper trimmer
- Scissors
- Craft knife
- Heat gun

Instructions:

(Cover is scalloped acrylic page) Rub green ink on "E", set with heat gun, add three stickers, and adhere to end of acrylic cover.

Adhere arrow sticker, adhere star sticker using adhesive foam, and add green metals to lower left corner of acrylic cover, using a craft knife to assist you.

Adhere 3 1/2" x 6" green dot paper to blue chipboard and punch holes.

Mat photo on 4" x 5 1/4" orange paper and adhere to page.

Adhere star sticker, blue metals, and blue photo anchor stickers.

Rub green ink on "R", set with heat gun, add three black metals, tie two ribbons, and adhere to page.

Mat photo on 7 1/4" x 5 1/4" green paper and adhere to back of "R" page.

Add sticker photo corners.

This page is an acrylic bracket shape (difficult to see in the picture)--the only thing on it is the gear rub-ons. Place on left edge in a row going up and group three together in upper right corner.

Trim black gear paper to 9" x 6", adhere to blue chipboard page, and punch holes.

Mat photo on 7 1/8" x 5 1/8" and adhere to page.

Rub green ink on "I", set with heat gun, apply border sticker, and adhere to blue chipboard page (don't cover all of the dotted design on the end of the page).

Mat photos on 4" x 2 3/4" orange paper and adhere to back of "I" page.

Trim orange paper to 3" x 2 1/2" and adhere car sticker using adhesive foam. Adhere to page.

Apply rub-on letters to spell "he lives to" and spell "laugh" with sticker letters.

Adhere circle sticker using adhesive foam and apply arrow stickers with green metals on ends.

Round corners of photo and mat on 6 1/4" x 4 1/4" orange patterned paper. Round corners of mat and adhere to page.

Adhere bracket stickers on each side of photo.

Rub green ink on "C", set with heat gun, apply rub-ons to the letter, and adhere to end of clear scalloped page.

Finish by tying album together loosely with black ribbon. Use a strong adhesive, such as Craft Dots or QuickDry for the chipboard.
