Starting in the upper left corner of green dotted cardstock, cut along top edge, 1" down, stopping 1" from right edge. Rotate paper and continue cutting. The end result will be a corner-shaped piece, with a square piece of cardstock left over. Follow the same process to cut 3/4", 1/2" and 1/4" cut pieces from the square cardstock. When finished, you will have four large corners of different widths.

Adhere to page as shown and trim all ends.

Mat 5"x 8" photo on white cardstock and adhere to page.

Cut a 2 1/4" square and then cut in half diagonally. Use one triangle as a photo corner for smaller photo. Cut a 1 1/2" square and use the same way on remaining photo.

Adhere small photos to page, as shown.

Cut a 2"x4" rectangle and then cut diagonally. Use one triangle as photo mat for large photo.
