

Materials Needed:

- Archiver's 12x12 calendar
- Archiver's 12x12 exclusive Bo-Bunny calendar kit
- White cardstock
- 6x12 dark red scalloped cardstock--Bazzill (6046087)
- Chipboard flourish--Fancy Pants Designs (6015496)
- Chipboard circles and snowflakes
- Blue alphabet stickers--Heidi Swapp (6040123)
- Clear gemstones--Mark Richards (6007729)
- Light blue gemstones--Mark Richards (6036234)
- Spotlight acrylic paint--Making Memories (529822)
- Daiquiri acrylic paint--Making Memories (6017700)
- Manila acrylic paint--Making Memories (529825)
- Prisma Glitter--Hero Arts (527762)
- Ice Blue chalk ink--ColorBox (513068)
- Quickie Glue Pen--Sakura (531583)
- Dry adhesive, such as a tape runner

Suggested Tools

- Curvy Cutter--EK Success
- Circle punches
- Paper trimmer
- Craft knife or QuickStik (optional)

Instructions:

Trim white cardstock to 11 1/2" x 11 1/2". Cut 11" circle from center using Curvy Cutter. Set circle aside. Ink inside of cut-out circle with glue ink. Trim winter words patterned paper to 4 1/2" x 11" and adhere behind circle cut-out, on left side. Trim snowflake patterned paper to 7" x 9" and adhere behind circle cut-out, on right side. When you're done, there should only be a small section at the top of the cut-out circle that does not have paper behind it. Adhere white cardstock to blue dot patterned paper background. Trim dark red scalloped cardstock to 5 1/4" x 6", making sure to include the upper left corner. Lightly brush white paint along edges. Adhere to page, in center of cut-out circle. Size photo to 5" x 6 3/4" and adhere on top of dark red scalloped cardstock. Size another photo to 3 1/2" x 4 1/2" and adhere to page, overlapping first photo. Paint chipboard flourish with Manila paint. While paint is still wet, sprinkle with glitter. When dry, adhere to page. Paint snowflakes with blue paint, sprinkle with glitter, and adhere to page when dry. Paint chipboard circles white and sprinkle with glitter. Punch circles from various patterned papers and adhere to top of some circles. Adhere to page. Add gemstones to page, using craft knife or QuickStik to assist you, if necessary.
